A warm welcome from Sheffield

As Lord Mayor of Sheffield, I extend a warm welcome to the 10th annual Sheffield Grand Prix, a thrilling event that graces our city streets.

It comes as a great pleasure to see the return of professional cycle racing to our beloved Sheffield.

The Grand Prix, now in its tenth year, stands as a testament to our city's commitment to Sport, Community, and Healthy Competition.

I would like to express my heartfelt gratitude to the event sponsors, the dedicated members of Sheffrec Cycling Club, the hard work of Sheffield City Council's events team and the many volunteers involved. Their collective support ensures that this exhilarating race can take place.

The riders - both seasoned professionals and passionate amateurs - will navigate the city centre streets. As you watch, I hope you feel the same inspiration that fuels their determination. Cycling is not merely a sport; it embodies resilience, discipline, and the pursuit of excellence.

Sheffield's connection to cycling runs deep, nestled as we are near the breathtaking Peak District we are a haven for cyclists.

So, whether you're a spectator or an aspiring cyclist, embrace the spirit of the Grand Prix. Let the rush of wheels and the cheers of the crowd ignite your passion. Enjoy the races, soak in the atmosphere, and relish your time in Sheffield - a city that thrives on movement, camaraderie, and the thrill of the ride.

I hope you enjoy your time in Sheffield and enjoy all the wonderful aspects of our city.

The Right Worshipful the Lord Mayor of Sheffield, Councillor Jayne Dunn.

2023 McLaren Automotive Grand Prix Winner - Monica Greenwood, DAS Handling

Welcome to the 2024 Sheffield Grand Prix - the tenth edition in the heart of the Outdoor City of Sheffield.

The evening will start at 5.55pm with Youth A&B races, followed by a classic support race and the National Circuit Series for both women and men will bring the evening to a climax with the UK's top male and female riders racing around the sweeping city centre circuit. Each lap of just over 1.4km includes a cobbled section and sweeps past famous landmarks such as the Crucible Theatre and Sheffield Town Hall, finishing outside long term event partners, Browns Restaurant on Union Street.

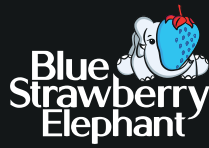

These races could not take place without the support from our event partners, Bike Box Alan, McLaren Automotive, JE James Cycles, Trek Sheffield, Giant Sheffield, and Cocker and Carr. Sheffield City Council continue to support us and we are so thankful to them for their help in planning of the new circuit and guidance along the way.

Finally, my thanks go out to the many volunteers and officials helping out in dozens of different roles.

Please pay the event village a visit with many food and drink outlets, and of course, our cycling village located on the front of the Town Hall and in the Peace Gardens. Trade stands from McLaren Automotive, Giant Sheffield, Trek Sheffield, JE James Cycles, Bike Box Alan and True North Cycle Hub.

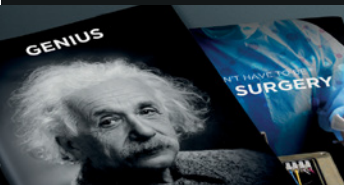

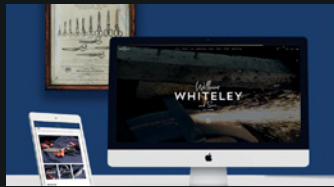

On behalf of everyone involved in the organising of this event, I wish all of the competitors a safe and successful evening of City Centre racing.

Marc Etches, Event Director.

MAKING YOU UNFORGETTABLE.

BRASSERIE & BAR

· BROWNS ·

ESTABLISHED 1973

Browns Sheffield occupies one of the most tranquil spots imaginable, given its city centre location; overlooking the award winning Peace Gardens. The bar and restaurant are set in what used to be the city's Army & General Stores, and are set in the heart of Sheffield's theatre district.

We are proud to be supporting the Sheffield Grand Prix for an 8th year. The interest and backing of this event has highlighted how sport is able to bring communities together, be it the fans of the sport or the city dwellers gathering on the streets.

We believe that we hold the perfect location and passion for food, drink and good old fashioned hospitality to see the smooth running of the event from start to finish.

Providing all refreshments needs for the cyclist, spectator and passer-by throughout the whole day. To finish off, we will be celebrating all those who competed and supported in this great sporting event with an after race party; we hope that you join us at some point during the day to share in the excitement.

BRASSERIE & BAR

· BROWNS ·

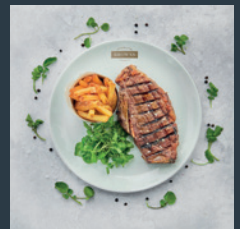

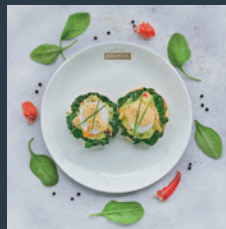

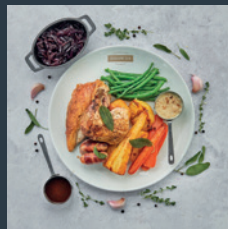

ESTABLISHED 1973

A warm welcome awaits you at Browns Sheffield

The Browns building in Sheffield used to be the city's Army & General Stores.

Although we're right in the city centre, it's a beautifully tranquil spot that overlooks the Peace Gardens, an award winning public space with amazing water features and memorials.

Join us for a relaxing, brasserie brunch, lunch, afternoon tea or dinner, made with quality, fresh, seasonal ingredients. Or if you don't fancy a meal, our expert, friendly teams will look after you in our stylish cocktail bar area, where you can enjoy a crafted cocktail (or two), a glass of fine wine or Champagne and graze on some delicious bar snacks. However you spend your time in our Sheffield restaurant, you can be certain it will be time well spent.

SteelSurf

... is a sustainable asphalt solution consisting of 95% steel slag aggregate for heavy duty applications and has been developed to withstand manoeuvring of heavy goods vehicles in Industrial applications.

SteelSurf

SteelSurf Drive is a sustainable asphalt solution consisting of 95% steel slag designed for modern driveways and car parks.

It accommodates heavier vehicles, tight turning areas, and low speed manoeuvres while maintaining an appealing finish.

SteelPave

... is a sustainable high performance durable Stone Mastic Asphalt consisting of 95% steel slag aggregate suitable for most locations, including motorways, dual carriageways, major and minor junctions and car parks.

The 10mm and 14mm solutions can be supplied certified to HAPAS CL942 approval.

SteelFlex

... is a sustainable Stone Mastic Asphalt with a polymer modified binder consisting of 95% steel slag aggregate and is for a variety of applications where high fatigue and resistance to deformation is a factor.

SteelFlex delivers high durability to extend high-way life beyond normal expectancy.

SteelDense

... is a sustainable asphalt solution consisting of 95% recycled steel slag aggregates suitable for plane out and inlay in residential road applications.

All SteelDense products conform to EN 13108-1 giving you a sustainable solution to standard specification.

SteelPhalt Products Overview

ecoRange

For added peace of mind all of our products are available in Eco and Eco+.

SteelFlow

... is a sustainable high performance durable asphalt consisting of 95% steel slag aggregates combined with a Polymer Modified Binder that can be laid ultrathin allowing budgets to go further and also provides reduction in noise pollution as well as increased skid resistance.

SteelPatch

... is a sustainable asphalt solution consisting of 95% recycled steel slag aggregates suitable for hot-box storage. SteelPatch can remain workable for up to 72 hours when stored a hotbox making it ideal for applications such as Utility patch and pot-hole repairs. Meets the requirements of EN13108-1 so is compliant for use in accordance with SROH.

SteelPatch deferred set cold lay version also available for a zero waste solution.

SteelSUDS

... is a sustainable porous asphalt solution consisting of 95% steel slag aggregate that will reduce surface water to allow effective drainage that meets even the toughest of design requirements. Its porous properties makes it ideal for a variety of applications such as drive ways, car parks or sports grounds where a porous asphalt solution is specified.
